

#3

All-electric.
Performance meets Personality.

The fully electric smart #3

EURO NCAP

Test 2023

The smart signature.

smart. Constantly evolving. Yet some things never change. Unique aesthetics reflecting mindful technology that looks beyond pure function. And as always, expect the unexpected.

Take the smart #3. Brimming over with personality, this sporty SUV coupé just wants to get out there and perform. Turning heads and putting smiles on faces. You ready for this?

Cool design, hot design.

Bring out your sporty side with the smart #3. This go-getter brings a lot to the table: packed with useful features and stylish details, the smart #3 looks as good as it feels.

We don't make it easy.

Three stunning lines. Each one perfect, but one just perfect for you.

#3

#3 Highlights

- **Aerodynamic Design**
The sporty smart #3 features sharp lines and powerful curves that reduce air resistance and increase range. Settle back for a truly stirring, dynamic ride!
- **Panoramic Halo Roof**
The smart #3's panoramic roof lets in light to create a sense of space, while effectively blocking heat and 99% of UV radiation.
- **12.8 inch Central screen**
A 12.8" central display provides all the info and tools you need to stay up-to-date en route and elevate your driving experience.
- **Beats® sound system**
Enjoy a 13-speaker Beats® audio system and fill your smart #3 with crystal clear renditions of your favourite tunes.
- **Sport-style seats**
Tailored bucket seats ensure enveloping comfort while showcasing trailblazing design elements.

One spacious cockpit

It feels so right. Settling into the sports seats with integrated headrest. Looking up at the panoramic Halo roof. Immersing yourself in the cool ambient light and crystal-clear 13-speaker Beats® sound system. One more way the smart #3 puts the joy in 'journey'.
